

SASS Range Officer Courses

ROII Instructor: Missouri Marshal

If you want to take any of these courses, email me at missourimarshal@cox.net

SASS Range Operations Course (ROI)

11 March 2017 - Roanoke Rifle and Revolver Club, Roanoke VA

02 April 2017 - Pungo Posse, Sussex Shooting Sports, Waverly VA

The ROI Course is all classroom and takes about 6 hours depending on class size and participation. The cost is \$10.00 and you receive a ROI Pin at the end of the class. You do not have to be a SASS member to take the ROI class. I HIGHLY recommend this class for all shooters. This is where you learn the rules of our game.

SASS Range Officer Course (ROII)

12 March 2017 - Roanoke Rifle and Revolver Club, Roanoke VA

29 April 2017 - Pungo Posse, Sussex Shooting Sports, Waverly VA

The ROII Course is 2-3 hours of classroom and then another couple of hours on the range doing practical's. The practical's involve having a stage set up with safety problems and the class has to identify the problems and correct them. Once the stage is safe to shoot we normally shoot a couple of stages to give everyone a chance to run the timer. The cost for the ROII class is \$25.00 each and you receive a ROII pin at the end of the class and a certificate will be sent to you from SASS. To take the ROII class, students must have completed the ROI Class (taking the class the day before meets this requirement), must be a SASS Member and must have been shooting Cowboy Action for at least six months.

If your Club would like to set one up, email me at missourimarshal@cox.net and we will see if we can work something out.
